The following disclosures have been made by the speaker(s):

Amy Oberholzer, CTR: Nothing to disclose

Yolanta T Schoeller, CTR: Nothing to disclose

The following disclosures have been made by planners and content reviewers:

**Objectives:**

At the conclusion of this presentation, participants should be able to:

- 1 Review background history, previous treatments, and diagnostic modalities and TNM staging for each cancer case presented.
- 2 Improve the quality and safety of patients to optimize mortality rates and treatment outcomes.
- 3 Assess emerging data/technical information regarding changes and progress in treatment of patients based on research and outcomes
- 4 Discuss treatment options, clinical trial options and implement specific adjustments to treatment plans and case management techniques to improve outcomes in cancer patients.
